# Fluidtrans Tanks

## Comprehensive Fluid Transfer

Representing great value and even greater usability, the Fluidtrans Range provides answers to most liquid transfer requirements.

300mm Screw Lid is standard on 200 – 600L tanks

400mm 1/4 turn Hinged Lid is standard on 800 – 4500L tanks

Optional Moulded Feet and sump are available to enable full drainage

Internal Baffles greatly increase Stability and Vehicle Safety

### FLUID TRANSPORT TANKS

CODE	DESCRIPTION	CAPACITY
FTR200	Fluid Transport Tank	200 L
FTR400	Fluid Transport Tank	400 L
FTR600	Fluid Transport Tank	600 L
FTR800	Fluid Transport Tank	800 L
FTR1200	Fluid Transport Tank	1200 L
FTR2000	Fluid Transport Tank	2000 L
FTR3000	Fluid Transport Tank	3000 L

### Special Features:

- > Tough and Durable One-Piece Moulding
- > Moulded Internal Baffles for Vehicle Stability
- > Can be Strapped or Pin Mounted to vehicles
- > Forkliftable Galvanised Skids Available
- > Translucent Blue for Visual Level Monitoring
- > 1 ¼” Brass Outlet as Standard
- > Range of Onga Pump Options from 2.5 – 6.5HP
- > Available with Optional Fully Draining Sump
- > Optional Moulded Feet are available to elevate the tank for fully draining functionality

# Fluidtrans Combos

## Ready-For-Use Transfer Package Options

These ready-made packages provide transfer solutions that can be immediately utilised.

- > Benefit from years of development with perfectly complimenting tank and pump combos that work hard.
- > Using trusted pump brands and components, Fluidtrans Combos are proven fire fighting equipment.
- > Optional Accessories include Dust Suppression nozzles & twin hose reels.
- > Alternative Pumps are available to meet various flow and pressure requirements. Diaphragm Pumps are also available to suit many Chemical Transfer Requirements.

### Compact Packages

These stand-alone units are fitted with integrally mounted pumps. Compact Packages can be easily pin or strap mounted for versatility in operation. These combos can be also customised for varied duties.

### Skid Mounted Packages

Offering fork on & off functionality, these heavy duty galvanised skids protect the tank and are perfect for temporary use applications. Standard components include a Twin Impeller pump, 36m hose reel, 6m suction hose & fire fighting nozzle.
