SELF DRAINING LIQUID FERTILISER TANKS

New Self-Draining Liquid Fertiliser tanks allow complete washdown between seasons or mixes, minimising the chance of any contamination. By completely emptying the tank, no valuable liquid fertiliser is wasted.

CODE	CAPACITY (Litres)	DIAMETER	HEIGHT
LFTSDT23000	23,000	3450	3054 mm
LFTSDT28000	28,000	3450	3601 mm
LFTSDT33000	33,000	3450	4149 mm
